Enhancement and redevelopment

At the AGM the Trust will: provide an update on the project covering the feasibility study that is due to be finalised within the month; outline the proposed next steps forward; invite korero from trustees.

Beneficiaries will need to support decisions on the future of the springs:

- How much resource to devote on maintenance/ upgrade in light of impending development
- How to progress the development: close springs and do the upgrade, or do in small steps and keep springs open
- Who to partner with to progress the development
- Provide support to the trustees to do the mahi

Chairperson's report

E nga uri whakaheke whai panga kia Parahirahi tena koutou, tena koutou, tena koutou katoa.

The Trust's AGM will be on 6 November at Ngaitewake Marae, Mataraua. The trustees will provide a comprehensive report back on the activities of the Trust over the past year and there are some key decisions to be made. The Trust has some significant work ahead of it and we all need to work together to progress it.

As we outlined in the June newsletter, in order to progress this work the Trust needs active and engaged trustees that can attend meetings, undertake mahi on behalf of the Trust and effectively represent their whanau's interests.

Unfortunately, currently there are some vacant positions and some trustees are consistently not attending meetings. This puts significant pressure on the remaining trustees and impacts on the effective operation of the Trust and the springs.

One of the first orders of business at the AGM is to undertake the 3 yearly election of trustees. Please whanau it is important that you support your reps to be active, or explore substituting them with people who are committed and are able to fulfil the duties required to progress the Trust's functions. This includes attending all meetings and undertaking work for the Trust on a regular basis. Particular skills that the Trust would benefit from at this time include financial, legal, business or governance expertise.

Nau mai haere mai nga uri o Ngawha ki te Parahirahi C1 hui a tau a Noema.
